## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Pavel Pogodin on September 16, 2009.

2. The application has been amended as follows:

Claim 8 is cancelled.

### ***Allowable Subject Matter***

1. Claims 1-7, 11, 12, 15 and 16 are allowed.

2. The following is an examiner's statement of reasons for allowance: Mosler (U.S. Patent No. 6,304,858) discloses a method of calculating a model price for a contract using a net present value of future stream of cash flows discounted by swap interest rates applicable in each future time period when the cash flow is received. Mosler does not disclose specifically requiring two actual observations of the actual value of the underlying to take place at two different times. Specifically, these claims recite "the first level of the underlying being an actual value of the underlying actually observed at said first reference time" and "the second level of the underlying

Art Unit: 3696

being the actual value of the underlying actually observed at a second reference time." Neither the future cash flows used by Mosler to determine the NPV price (settlement price), nor the calculated NPV price of the cash flows itself is the actual value of an underlying that is actually observed at two different times. To the contrary, for each NPV price (settlement price), the future cash flows of Mosler are all determined at one time - at the time of the calculation of the respective NPV value.

3. Other pertinent art: McGill et al. (U.S. PG-Pub No. 2003/0101125) and Lara (U.S. PG-Pub No. 2004/0019555).

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to SAMICA L. NORMAN whose telephone number is (571)270-1371. The examiner can normally be reached on Mon-Thur 6:30a-5p, w/ Fri off.

6. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Dixon can be reached on (571) 272-6803. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
